# ABOUT NIMBUS EQUIPMENTS

Nimbus Equipments is a premier industrial air compressor solutions provider — a complete partner for procurement, maintenance, and performance optimization of compressed air systems. We serve India's manufacturing sector with genuine spare parts, certified service engineers, and long-term AMC contracts across all major compressor brands.

## OUR MISSION

To deliver zero-downtime compressed air systems through genuine parts, certified expertise, and proactive maintenance.

## OUR VISION

To be India's most trusted industrial air compressor solutions partner, recognized for quality, speed, and technical depth.

## TECHNICAL EXPERTISE

Certified engineers with deep OEM training across Atlas Copco, ELGi, Ingersoll Rand, Kaeser, and all major platforms.

## INVENTORY STRENGTH

Large ready-stock warehouse with filters, oils, separators, valves, and service kits for immediate dispatch.

**STRONGER SUPPORT FOR A HEALTHIER COMPRESSED AIR SYSTEM**

- GENUINE PARTS
- CERTIFIED ENGINEERS
- QUICK RESPONSE
- LONG-TERM PARTNERSHIP

# WHY YOU CHOOSE US ?

**"When A Compressor Stops, the Problem Isn't Just the Machine — it's The Production That Stops With it"**

## In That Time, You Need A Solution — Not Just A Spare Part.

**At Nimbus Equipment's , Our Focus Is Not Simply On Supplying A Component.**

We Help Maintenance Teams Quickly Identify And Arrange The Right Compressor Spare Part, Reducing The Time Spent Searching, Identifying, And Waiting.

**QUICK IDENTIFICATION**
Help you find the right part fast.

**GENUINE PARTS**
Quality you can trust.

**EXPERT SUPPORT**
Experienced team, technical guidance.

**LESS DOWNTIME**
Get your production back on track.

**BRANDS WE SUPPORT :-**

Atlas Copco | ELGi | Ingersoll Rand | Kirloskar | Other Local Brand Etc.

**Just Share The Part Photo, Part Number Or Compressor Model.**
We'll help you find The Right Solution, Right Parts Quickly And Reliably.

**YOUR TRUSTED PARTNER FOR COMPRESSOR SPARES**

# Compressor Service, AMC & Installation Solutions

Nimbus Equipments delivers end-to-end service support for your compressed air systems — from scheduled preventive maintenance to emergency breakdown repair. Our trained technicians ensure your equipment performs reliably, safely, and efficiently at all times.

## Service Offerings

- Preventive Maintenance
- Breakdown & Emergency Service
- Compressor Inspection
- Air Leakage Audit
- Oil Change & Filter Replacement
- Annual Maintenance Visit

## Repair Capabilities

- Airend Repair & Overhauling
- Motor Rewinding
- Valve & Controller Repair
- Leakage & Electrical Repair
- Breakdown Repair

## Our Service Workflow

Every service engagement follows a structured five-step process — ensuring thorough diagnosis, quality repair, and reliable long-term performance for your compressed air systems.

Inspect → Diagnose → Repair → Test → Support

## AMC Contracts & Installation Services

Protect your investment with structured Annual Maintenance Contracts and benefit from professional installation and commissioning services. Nimbus Equipments offers flexible AMC plans and complete installation support — ensuring your compressed air systems are set up correctly from day one and maintained consistently over their lifecycle.

### AMC Contract Options

**Preventive AMC**
Scheduled maintenance visits to prevent breakdowns before they occur

**Comprehensive AMC**
Full coverage including parts, labor, and scheduled service

**Non-Comprehensive AMC**
Labor and inspection coverage with parts billed separately

**Flexible Frequency Plans**
Annual, and Multi-Year AMC options available

## Installation & Commissioning

**Compressor & Air Dryer Installation**
Complete mechanical and electrical setup

**Piping & Electrical Installation**
Full compressed air piping network and power connections

**Commissioning & Startup Assistance**
System testing, calibration, and operator training

**Machine Relocation**
Safe dismantling, transport, and re-installation

**Minimized Downtime**
Quick response and efficient service to keep your operations running

**Skilled Technicians**
Experienced professionals trained to handle all major compressor brands

**Reliable Performance**
Ensuring maximum efficiency and long equipment life

**Customer Commitment**
Long-term support built on trust, quality, and reliability

# Serving Industrial Requirements

Nimbus Equipments serves a wide spectrum of industries — from automotive and engineering to pharmaceuticals and food processing. Our solutions are tailored to the specific air quality, pressure, and reliability demands of each sector.

## Industries We Serve

Automotive

Manufacturing

Engineering

Fabrication

Textile

Pharmaceutical

Food Processing

Packaging

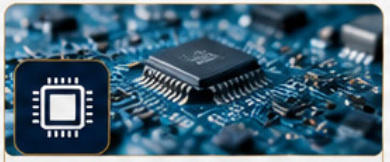

Plastic

Printing

Steel

Cement

Chemical

Electronics

General Industry

## Our Approach

**Understand**
We understand your requirements in depth.

**Inspect**
We inspect your system and analyze performance.

**Recommend**
We recommend the right solution for your needs.

**Supply**
We supply quality products and genuine spare parts.

**Support**
We provide continuous support for reliable performance.
